A Renewed Practice is realised Phase of

Implementation and **Spreading**

The results of the experiment is received

DNA: **Decision about Deployment**

Phase of conceptualisation

The experiment is conceptualised

DNA: Simplification and generalisation

Theory of Change

Pre-phase

The experiment base commences

DNA: **Need of Change**

Experimental Cycle

(including the Theory of Change)

Re-design

Phase of Analysis and Evaluation

The experiment is analysed and evaluated

DNA: **Evaluate the Power of Change**

Phase of Design

Theory of Change

The experiment is designed

DNA: **Prototyping**

Phase of Actions

The experiment is conducted

DNA: Explore Practice

Eksperimental team og strategic level
